At MyDesktop, we work with you to provide the most cost-effective means to get your Agency online.

Your new website will be billed on your MyDesktop Account.

Our partner Website Blue, have developed a range of website templates dedicated to the real estate industry. These websites are feature-rich and can be delivered at a fraction of the cost of developing a customised agency website.

From just \$2639, our real estate websites include full MyDesktop integration and a customised easy-to-use content management system (CMS). You have full control!

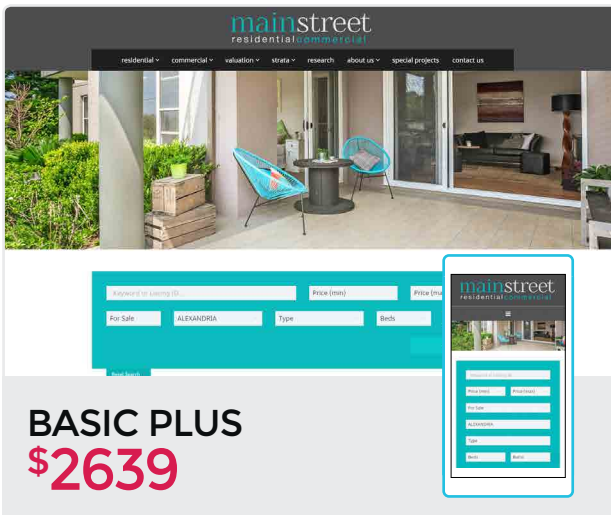

Your property data is fed automatically from MyDesktop, allowing you to direct your prospective buyers and vendors to your website thereby keeping them engaged with your agency.

The customised CMS provides a simplistic platform where administrators can instantly edit and save content on all website pages, reducing the time and money spent on website updates and modifications.
